Situational Overviews

On May 13, 2024, heavy rainfall hit Khayrdoon IDP Camp in Bacadwayn village, North Galkacyo, leading to flash floods and strong winds. The severe weather caused displacement, and destruction of homes, communal toilets, community buildings including a Quranic school. About 268 shelters and 67 communal toilets were destroyed, and streets were blocked by fallen trees.

The impact of the heavy rainfall is devastating resulting in flooded homes and huge property losses. Approximately 1,608 individuals relocated within the camp or to the nearby Bacadwayn village.

Khayrdoon IDP Camp, located about 6 kilometers north of Bacadwayn village, houses over 800 rural communities displaced by recent droughts.

PRMN field monitors have observed an increase in sanitary hazards and the risk of waterborne diseases

due to the destruction of latrines which has led to sewage overflow. These unsanitary conditions further exacerbate the exposure to diseases.

Protection Risks

Theft, extortion, forced eviction or destruction of personal property: The flooding has resulted in the destruction of shelters, leaving displaced families from the IDP camps without adequate housing materials. The living conditions are dire and the displaced individuals urgently require support in the form of housing assistance and shelter provision.

Urgent Needs

Food

Emergency Shelter

Protection

Non-Food Item

Safe Drinking Water

The PRMN (Protection & Return Monitoring Network) is a UNHCR-led project in partnership with NRC which identifies and reports on displacements as well as protection risks and incidents underlying such population movements. On behalf of UNHCR and the Norwegian Refugee Council (NRC), 26 local partners in the field in Somalia (South Central regions, Puntland and Somaliland) undertake data gathering (primarily through interviews with affected communities and key informants) and monitoring at strategic locations.

For detail statistical on displacement and protection trends, please refer to PRMN interactive dashboard <https://prmn-somalia.unhcr.org>.
